

GRACE EPISCOPAL CHURCH
The Reverend Johanna M. Marcure, Rector

January 23, 2017

Dear Brothers and Sisters,

As Rector of Grace Episcopal Church, I am writing to request a few minutes of your valuable time.

Our Capital Campaign Committee is currently conducting a formal Feasibility Study to determine the willingness of Grace parishioners and friends to support a capital campaign. The views and comments of our church family regarding our proposed goal of \$250,000 to complete necessary exterior masonry repairs and additional capital improvement opportunities are important and each will be considered. Please note that which additional capital improvement opportunities we undertake will be determined in part by your response to the enclosed survey and the amount raised through a capital campaign.

Grace Church has actively served the Syracuse community for 146 years. We are relying on you to help determine whether this proposed project will be a success so that we can continue ministering faithfully in this place for many years to come.

Enclosed are the tentative plans that have been prepared after many months of work and the input of many. After reading this material, please prayerfully consider and complete the enclosed questionnaire and return it promptly in the enclosed self-addressed stamped envelope. All replies are confidential; no names are required. It is important that your response is returned to the church office by February 15, 2017.

Thank you for participating in this important study. Your assistance is appreciated.

Faithfully,

Johanna⁺

The Rev. Johanna M. Marcure
